Institutional Distinctiveness 2022-23

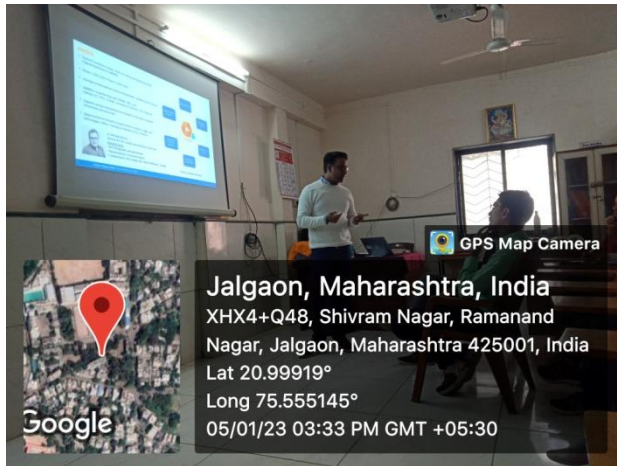

Institute is unique in the sense that, it is the only self-financed college in Maharashtra to run only postgraduate courses in SEVEN subjects namely, Organic Chemistry, Biotechnology, Microbiology, Mathematics, Statistics, Analytical chemistry, Commerce & management. Hence, college is keen to maintain the quality of teaching-learning facilities to match its distinctiveness in science-based higher education systems. College possesses 17 % teachers approved by university, 20 % teachers doctoral degree and 25 % with NET/SET qualifications, despite the 100% unaided status of college. All teachers have contributed as Examiners of theory and practical examinations and evaluation process for university level. 25 % of the teachers are in various bodes of university.

Swaminathan Lecture Series: In this series Dr. Sumit Lal, Mrs. Snehal Kale, Prof. Javed Khan. Dr. Vivek Jawalkote had delivered the lectures to get the students acquainted with modern research areas. All these experts are from various reputed national and international institutes.

All teachers are techno-savvy using ICT for teaching along with traditional blackboard teaching. In current academic year, there is availability of 5 ICT classrooms, 3 LCD projectors along with 23 computers with high-speed internet connectivity.

All these efforts caused one student from Biotechnology department placed in university topper's ranking. One faculty from Biotechnology department had qualified NET examination conducted by ICAR
